

Choosing a Care Home

Use this checklist when you're visiting a care home for the first time. The more information you have, the more confident you'll feel about making the best choice.

Name of Home: _____

Date: _____

Contact Information: _____

Tips For Viewing A Care Home

- Make a shortlist in advance of the key questions you'd like answered as a priority.
- Try to visit with a family member or friend: one of you can focus on talking to staff/having the official tour, and the other can have a look around the place and talk to residents.
- Don't be afraid to ask lots of questions: the more information you have, the more confident you'll feel about making the right choice.
- Make a list of any follow-up questions you'd like to ask later on. It's helpful to discuss this sort of thing with someone else after the visit.
- Pay attention to what you see, hear and smell during your visit, and how the experience makes you feel. This is just as important as what you're told by the home's staff.
